

Testimonials: Dorrington House, Wells-next-the-Sea

Thank you for yesterday and being able to spend time with dad. I'm not sure he really believed he was ninety and was very suspicious of me, not sure I was who I claimed to be! The carer who was with us both was really lovely with dad, she was so positive, friendly and professional. I have forgotten her name but she deserves praise. It is lovely to have the photos particularly as we were not able to be with him for long. Thank you all, once again. Aug 2020

Thank you to everyone at Dorrington who looked after Brian, with love & care. Aug 2020

Dear Iulia and all the lovely carers who cared for mum during her stay with you. Thank you all so very much for all the wonderful care and compassion you gave to mum and for giving her as much dignity as was possible. It was a weight off my shoulders when I left her after each visit knowing she'd be looked after 24/7 and if there was a problem I'd be notified ASAP. Unfortunately, when covid 19 arrived and everywhere went into lockdown it was heart breaking not being able to visit her! I know I will never get over not being with her when she passed away. I only hope someone was! I hope everyone is still keeping well, take care with love and much gratitude to all. Aug 2020

Many thanks for the information, hope everything carries on the same way! We cannot thank you all enough for what you are doing. Best wishes Aug 2020

Jane and I would like to express our thanks to you all for the care and dignity that you gave Dad, especially during his last weeks. It made a lot of difference to us to see that he was loved and respected, so much more than just a resident of Dorrington House. We were always uncomfortable that Dad ended his days in a care home, I suppose that is normal for close relatives, but on reflection there was nowhere else that he could have been to receive the care he needed, and whilst it was sad that he died we felt so pleased that it was with you all. Please take the time to pass on our gratitude to each member of Dorrington team, they deserve to know what a difference they make. Best Regards. Aug 2020

Thank you for the care & attention you have given dad in the last 10 months. It has been a comfort to know that he has been so close to home for both him & mum. Though these last few months have made visiting difficult, to be able to wave at him through the window & see his beaming smile, arms waving & thumbs up has shown how settled he was there with you.
